My Personal Experience

Dear Ms Circle,

1. *As a trainee during my internship from 30th Dec 2003 to 3rd Jan 2004, I have a fruitful experience in Find2Fine.com Inc, that has equipped me with a different insight to the real consultancy world. It is of great honor and pleasure, being able to work with the professional team at Find2Find.com, which has enlightened my academic life beyond books and theories. The openness and encouragement from the management has given me a golden opportunity to apply my knowledge and innovative ideas during the several discussions. Additionally, the excellent support and hospitality at Find2Fine.com has also enabled me to adapt to the organization which has greatly strengthened my creativity and critical thinking.*

2. *Working abroad has always been a CHALLENGE to most fresh graduates, mostly due to the cultural differences that different nationalities hold. Undoubtedly, this was also a major concern to me before my arrival that could have imposed difficulties due to selective perceptions. Ironically, the professionalism that Find2Fine.com has demonstrated, has completely changed my perception of working in Mainland, which was altogether an invaluable experience in my future undertakings.*

3. *Overall, I will like to thank the management at Find2Fine.com for the excellent training provided during the internship. As the saying goes, "Knowledge is Power", I am proud that I have made the right choice to attend this internship by Find2Fine, which has equipped me with the relevant "Power" to meet future challenges. I am sincerely looking forward to work with the team if opportunities arise in future.*

4. *Thank You so much for the hard work, Best Regards.*

Yours Sincerely,

*Aaron Huang Laixing
