

Dear Circle,

all the best wishes from Germany.

Thank you that you give Sven the chance to do an internship in your company and hopefully you can use him very effectively for the recruitment fair.

Sven have also some chocolate for Coco, but I hope she will share it with you and all the other Find 2 Find'ers.

I also mentioned to him that Karin want to improve her german, so he is willing to speak with her german if Karin teach him Kantonese. In belong to Bobo, I gave Sven the order to cook some german food for / with her. Maybe someone can show him a market where he get some foreign food.

I hope you are also o.k. and that the company is running well.

Thanks that I could learn some lessons from you and from your Country. I'm working in your company. I really have to say that I felt very well during my time I could spend in your company and I won't forget it. Maybe I got the chance to come again, someday.

Thanks for all, and greetings to you and all Find 2 Find'ers.

Jörg

P.S.: I'm sorry about my poor english.
